Table Talk

Table Talk contains a series of informal conversations Luther shared with his students and colleagues in his home. The topics of these conversations range from religious doctrine and history to instructions regarding government, church, and the academic university. Throughout this text, Luther presents his beliefs boldly, and at times, his opinions may seem extremely biased. While the ethical implications of Luther's views are highly debated, Table Talk provides an uncensored look at Luther's influential ideas.

Life of Luther

It seemed desirable that a Life of Luther should be prefixed; it was therefore determined, after much examination and enquiry, to adopt that by Alexander Chalmers, subjoining illustrative anecdotes from the more recent biographies of Michelet and Audin. To this is appended Luther's Catechism, always an interesting morceau. The Portrait is another addition, and is undoubtedly the most pleasing of all those painted by Luther's intimate friend, the celebrated Lucas Cranach.
