Do you want to give your child the best start in life possible? Do you want to get more involved in their educational process? Would you like to become the primary influence in your child's life? Make no mistake, this is not a pamphlet full of fluff, instead it is full of helpful information, tools, and resources! As you read through this book, you'll find "taking action" areas at the end of the chapters. I really wanted to include some tangible things that will help give ideas of how you can purposefully enrich your relationship with your child and your family. Taking Charge of Your Child's Education is really all about building and maintaining strong relationships within your family unit. As well as preparing, guiding, and encouraging your children throughout their youth and into adulthood. The real lessons that will influence your child start right there in your own home. This book is a must read for any parent dedicated to giving their child the best future possible.
