**The second novel in the new series by teen star Bella Thorne!**

Everyone knows how crazy junior year is, but Autumn Falls never imagined it would be so flirty. The wish-granting diary her father left her stopped working, leaving Autumn to decode what's going on with her and Sean on her own. He seems into her . . . and he also seems into Reenzie. And when JJ steps up and tells Autumn *he's* the one she should be with if she wants someone who really cares about her and a pop star makes a major play for her, Autumn is totally confused. Her friends have Big Drama issues going on too, and Autumn wants to be there for them. Then something mind-blowing happens. She's suddenly given an incredible crazy-fun opportunity: a map that takes her anyplace she wants to go. At first it seems like an amazing gift. But showing up IRL where you're least expected has life-changing consequences. Is Autumn ready to handle the fallout?
