## **The Remarkable Record of Job** Henry M. Morris

Far from being an engaging fable, the account of Job in the bible is one of the most historically and scientifically accurate records of the ancient world.

Perhaps the oldest book in the Bible, the book of Job touches on many subjects of science and history. This commentary on the controversial Book of Job is very different from most of the seminary and church teachings so prevalent today, for it attests to the historicity of a man named Job who understood at the end of his life that God cannot be “figured out,” but He can most certainly be trusted.
