The Land Beyond the Forest: Facts, Figures, and Fancies from Transylvania (Cambridge Library Collection - Travel, Europe) (Volume 2) Emily Gerard

Novelist Emily Gerard (1849-1905) went with her husband, an officer in the Austrian army, to Transylvania for two years in 1883. Then part of the Austro-Hungarian Empire, today a region of western Romania, Transylvania was little known to readers back in England. In the years following, she wrote this full-length account (published in 1888) as well as several articles on the region, which Bram Stoker used when researching the setting for *Dracula*. She describes encounters with the different nationalities that made up the Transylvanian people: Romanians, Saxons and gypsies. Full of startling anecdotes and written in a novelistic style, her work combines her personal recollections with a detailed account of the landscape and people. The second volume covers the gypsy and Jewish populations, as well as Gerard's mixed feelings on leaving the country.
