Check out the exciting conclusion to the Mind Readers series!

It's been months since everything familiar in Nora's life vanished into the unforgiving waters off the Savannah coast, leaving her with nothing but her powers of mind reading. Although she's lost her mother and her home, Nora has managed to move on, thanks in part to her sister Cameron, the only family she has left. Perhaps someday she can forget the pain she has endured...if only the past would stop haunting her.

Before she can truly move on and accept the relative normalcy of her new life, there are a few things she has to uncover. What happened to Maddox, the one guy to betray her trust and stomp on her heart? Did he escape S.P.I.'s clutches, or is he being held a prisoner as Cameron believes? But Maddox is the least of her worries when someone starts stalking Nora's every move...a woman who looks eerily like her dead mother. For Nora, time is running out. In the end, she must learn to trust not only in herself, but also her dangerous new powers before it's too late to save the only guy she's ever loved.
