To Say Nothing of the Dog: Or How We Found the Bishop's Bird Stump at Last Connie Willis

Connie Willis' Hugo and Nebula Award-winning *Doomsday Book* uses time travel for a serious look at how people connect with each other. In this Hugo-winning companion to that novel, she offers a completely different kind of time travel adventure: a delightful romantic comedy that pays hilarious homage to Jerome K. Jerome's *Three Men in a Boat*.

When too many jumps back to 1940 leave 21st century Oxford history student Ned Henry exhausted, a relaxing trip to Victorian England seems the perfect solution. But complexities like recalcitrant rowboats, missing cats, and love at first sight make Ned's holiday anything but restful - to say nothing of the way hideous pieces of Victorian art can jeopardize the entire course of history.

Delightfully aided by the perfect comedic timing of narrator Steven Crossley, *To Say Nothing of the Dog* shows once again why Connie Willis is one of the most talented writers working today.
