The Gay Agenda 2014: Don't Stop Juan Ahonen-Jover Ph.D.

In the United States, our core beliefs are under attack. Freedom of religion is under attack. Family values are under attack. Individualism and the pursuit of happiness are under attack. The courts are under attack. This book reveals what freedom of religion is really like, what real family values are, what genuine individualism and actual pursuit of happiness are, and what the role of the courts is. The Gay Agenda book series is for people who believe in the core principle of our Constitution: to be treated equally under the law. What would it be like if we could return to the vision of our great Constitution? A vision of freedom, including freedom of religion and freedom to individuality. The Gay Agenda 2014: Don't Stop describes in detail the gay agenda—what it is and what needs to be done in 2014 for lesbian, gay, bisexual and transgender people (LGBT) to reach equal treatment under the law in the United States. This year's edition emphasizes that, despite the tremendous progress in the last few years, the job is not done yet and is a call to continue the battle for full LGBT equality across the United States. The Gay Agenda 2014 is the most comprehensive guidebook for achieving LGBT equality and makes a timely call for action. Part I describes what LGBT means and the arguments used to deny equal treatment under the law to this group of people. Part II shows what the gay agenda is in detail, including the goals to be achieved. Part III describes the different paths available to achieve equality. Part IV details specific actions you can take in 2014 to achieve legal equality for the LGBT community. Finally, the epilogue describes the ultimate goal—beyond legal equality.
