The easy way to build your own beehives and beekeeping equipment

"Building Beehives For Dummies" is the follow-up book to the bestselling "Beekeeping For Dummies." It provides everything you need to learn how to build some of the world's most popular hives and beekeeping accessories. For each design the book includes a detailed materials list (what lumber, hardware and fasteners you'll need), step-by-step building instructions, and illustrative drawings that show how the components all fit together. There are over a dozen plans in all, including the traditional Langstroth hive, the eight frame garden hive, designs for elevated hive stands, the Warre hive, screened bottom board, the Kenya top-bar hive, four-frame observation hive, hive top feeders, and more. The book contains introductory chapters that teach you the basic carpentry skills necessary to build any of the plans in the book.

Whether you are a new beekeeper or a seasoned ol'timer, "Building Beehives for Dummies" provides you with the information you need to plan and succeed at building beehives (and other cool accessories). You'll discover what type of hive to build, hints on how to maintain your equipment, what bees need to stay happy and healthy, where to locate your hive, and much more. Covers "bee space," the critical technical measurement within a beehive that's crucial for easy inspection of your colonies Offers guidance on keeping both urban and suburban neighbors happy, getting proper permissions, and understanding regional laws and regulations Provides creative ideas for dressing up hives for fun and profit

In today's world of self-sufficiency, back-to-basics and sustainability, building beehives is a fun hobby that both you and your bees will appreciate and benefit from.

From reader reviews:

Fanny Rutledge:

Reading a reserve tends to be new life style within this era globalization. With studying you can get a lot of information that can give you benefit in your life. With book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their reader with their story or perhaps their experience. Not only the storyline that share in the publications. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors on earth always try to improve their expertise in writing, they also doing some analysis before they write to their book. One of them is this Building Beehives For Dummies.

Pamela Bost:

Exactly why? Because this Building Beehives For Dummies is an unordinary book that the inside of the guide waiting for you to snap this but latter it will surprise you with the secret it inside. Reading this book close to it was fantastic author who have write the book in such incredible way makes the content within easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of advantages than the other book have such as help improving your skill and your critical thinking technique. So , still want to delay having that book? If I were being you I will go to the e-book store hurriedly.

Julie Bailey:

Playing with family in a park, coming to see the water world or hanging out with good friends is thing that usually you will have done when you have spare time, subsequently why you don't try issue that really opposite from that. Just one activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Building Beehives For Dummies, it is possible to enjoy both. It is good combination right, you still need to miss it? What kind of hangout type is it? Oh come on its mind hangout folks. What? Still don't understand it, oh come on its named reading friends.

Joan James:

Is it you who having spare time in that case spend it whole day by watching television programs or just telling lies on the bed? Do you need something totally new? This Building Beehives For Dummies can be the reply, oh how comes? A fresh book you know. You are therefore out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these publications have than the others?
