Kachinas are supernatural beings from Indian religion and this selected bibliography lists over 100 references to magazine articles and books with information about them. Kachinas are often represented in carved and painted Indian dolls. The book contains an essay that explains the various aspects and meanings of the Kachina in Indian life and gives historical and philosophical background information. Eight full-page black and white drawings by New Mexico artist, Glen Strock, illustrate the text. Collectors will find this book invaluable and for the general reader it offers an introduction to a popular Indian art form and mythological figure.
