The Shadow of the Cathedral

Vicente Blasco Ibanez

The Shadow of the Cathedral Vicente Blasco Ibanez

There are three cathedrals which I think will remain chief of the Spanish cathedrals in the remembrance of the traveller, namely the Cathedral at Burgos, the Cathedral at Toledo, and the Cathedral at Seville; and first of these for reasons hitherto of history and art, and now of fiction, will be the Cathedral at Toledo, which the most commanding talent among the contemporary Spanish novelists has made the protagonist of the romance following. I do not mean that Vincent Blasco Ibañez is greater than Perez Galdós, or Armando Palacio Valdés or even the Countess Pardo-Bazan; but he belongs to their realistic order of imagination, and he is easily the first of living European novelists outside of Spain, with the advantage of superior youth, freshness of invention and force of characterization. The Russians have ceased to be actively the masters, and there is no Frenchman, Englishman, or Scandinavian who counts with Ibañez, and of course no Italian, American, and, unspeakably, no German.
