8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries)

8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries)

This work presents the results of RILEM TC 237-SIB (Testing and characterization of sustainable innovative bituminous materials and systems).

The papers have been selected for publication after a rigorous peer review process and will be an invaluable source to outline and clarify the main directions of present and future research and standardization for bituminous materials and pavements.

The following topics are covered:

- Characterization of binder-aggregate interaction
- Innovative testing of bituminous binders, additives and modifiers
- Durability and aging of asphalt pavements
- Mixture design and compaction analysis
- Environmentally sustainable materials and technologies
- Advances in laboratory characterization of bituminous materials
- Modeling of road materials and pavement performance prediction
- Field measurement and in-situ characterization
- Innovative materials for reinforcement and interlayer systems
- Cracking and damage characterization of asphalt pavements
- Recycling and re-use in road pavements

This is the proceedings of the RILEM SIB2015 Symposium (Ancona, Italy, October 7-9, 2015).

From reader reviews:

Elizabeth Brock:

Have you spare time for a day? What do you do when you have much more or little spare time? Yeah, you can choose the suitable activity for spend your time. Any person spent their spare time to take a walk, shopping, or went to the particular Mall. How about open or perhaps read a book entitled 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries)? Maybe it is for being best activity for you. You already know beside you can spend your time along with your favorite's book, you can smarter than before. Do you agree with its opinion or you have additional opinion?

James Matter:

Reading a guide tends to be new life style in this era globalization. With reading you can get a lot of information that can give you benefit in your life. Along with book everyone in this world could share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their own reader with their story or perhaps their experience. Not only the story that share in the ebooks. But also they write about advantage about something that you need illustration. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors on this planet always try to improve their ability in writing, they also doing some analysis before they write with their book. One of them is this 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries).

George Bash:

The particular book 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries) has a lot of information on it. So when you read this book you can get a lot of gain. The book was written by the very famous author. The writer makes some research prior to write this book. This particular book very easy to read you can find the point easily after perusing this book.

John Bergeron:

Is it anyone who having spare time after that spend it whole day simply by watching television programs or just lying on the bed? Do you need something new? This 8th RILEM International Symposium on Testing and Characterization of Sustainable and Innovative Bituminous Materials (RILEM Bookseries) can be the respond to, oh how comes? The new book you know. You are and so out of date, spending your extra time by reading in this brand-new era is common not a nerd activity. So what these ebooks have than the others?
