The Foreign Policy of Russia: Changing Systems, Enduring Interests Robert H Donaldson, Joseph L Noguee

In this fully updated edition of their widely respected text, Donaldson and Noguee trace the lineage and development of Russian foreign policy, highlighting the continuities of Russia's behavior in the world as well as the major sources of change and variability. This edition includes new coverage of ongoing issues connected with NATO expansion, the status of Kosovo and Georgia, terrorism, Islamism, and access to petroleum and other natural resources. The basic framework used is a modified realism that stresses the balance of power and the importance of national interest, and identifies several factors (both internal and external) that condition Russian policy. The interpretations are original and based on a mix of primary and secondary sources.
