**Wars and Rumors of Wars: Episode Two (Blackmount Book 1)** M. G. Norris

Orcs. You can dress them up, but it's tough to take them anywhere that uses napkins.

Blackmount's problems don't abate through contact with the wider world. With murderous rivalries, awful food, a proper siege, and bad-idea-romance, competing for attention, how's a Warchief supposed to push an aggressive reform agenda on a Clan that doesn't want one? And that's before the angel gets involved.

The first of six installments in the Blackmount novel cycle, Wars and Rumors of Wars takes up the tale of one unhappy hybrid, sired and kept without consent, and of the mess that swirls around him as he tries to find his place between his human and orcish halves. If only anything were simple! Larger games are already in progress on the board he wanders onto.

Presented in three parts for Kindle episodic release, Wars and Rumors of Wars - Episode 2 picks up the minute Episode 1 left off, introducing a host of new characters as the outside world takes notice of these rumors from West. Blackmount hasn't changed at all in centuries. It's about to get turned upside-down, and possibly, the world with it.

Fans of Bradbury, Adams, Clarke and Pratchett will find themselves right at home in this introspective political thriller cleverly disguised as epic fantasy.
