If you are going through a painful situation, you may feel trapped, helpless, and powerless. Having been there myself, and wishing I could have found somebody or something to explain the reasons I was going through my painful situation, I found very little help in what I was searching for. This book is written to help you ease some of the pain you are experiencing. It is for those feeling lost, confused, and sorry for themselves, and those who think they're the only ones going through a particular trial. In this book, you will find helpful guidance that helped me in my own struggles and which others have successfully used to alleviate their own pain. Life is about making choices. If you are hurting in any area of your life, you have two choices: you can choose to go on drowning in pain and misery, wishing for some magic to happen, or you can wake up and determine to do whatever it takes to find help.
