Management of Adult Neurogenic Dysphagia (Dysphagia Series) Maggie Lee Huckabee, Cathy A. Pelletier

This innovative text addresses issues related to the management of the adult patient who has dysphagia - an area of clinical interest that is relatively new as much of the existing literature has focused on the physiologic and diagnostic aspects of dysphagia. Concentrating on long-term management and complete rehabilitation efforts when appropriate. Management of Adult Neurogenic Dysphagia serves as a valuable reference for treatment planning, clinical management, and dialogues regarding ethical dilemmas in service delivery to the patient with neurogenic dysphagia.
