Catapulted into a strange medieval-like world, Lexi discovers the inhabitants are in need of a celestial maiden to awaken the stone warrior to defend the realm. It sounds better than being mistaken for a witch. The catch is that the sacrifice must be willing and Lexi has a real problem with the 'sacrifice' part of that charming legend. Moreover, she is less than thrilled to awaken and find herself bound naked, hand and foot to an enormous stone warrior.

Rating: Aprox 20k words. Contains explicit sex, graphic language, adult situations and moments of ridiculous hilarity. This book contains excerpts from other books.
