## Issues in Geography Teaching (Issues in Teaching Series)

*Issues in Geography Teaching* examines a wide range of issues which are of interest to those teaching geography from the early years through to higher education, including:

- the role of research and the use of ICT in teacher training;
- the significance of developing critical thinking skills;
- broader educational issues such as citizenship and development;
- the importance of environmental education;
- the position and role of assessment;
- the present state and status of geographical education and issues that are likely to be of concern in the future.

*Issues in Geography Teaching* details the contexts, presents the facts and raises thought-provoking questions which should stimulate further interest and discussion.
