The Bodacious Book of Succulence: Daring to Live Your Succulent Wild Life Sark

I wish for this book to catapult you out of bed and smack into the center of one of your dreams, or lure you back to bed, where you will lie helplessly laughing at all your mistakes and frozen moments.

I wish for this book to free the part of your soul that longs to write epic novels, recite Yeats by heart, play a musical instrument by magic, or perform in a play about your life that you create and design. Most of all, I want this book to give you a boost up over the fence that prevents you from moving forward and inward.
