Walking With Spirits Volume 2 Native American Myths, Legends, And Folklore G.W. Mullins

Walking With Spirits Volume Two is a huge collection of Native American history. It features stories, tales, legends, quotes and more. Following on the heels of the highly successful first volume, this second set offers many more wonderful and entertaining stories. This volume will leave you ready and awaiting the third. Through storytelling, the rich history of the Native American tribes is alive and well today. It has been shared and preserved and still pays tribute to fallen heroes of the past. Often, Native Americans have been misrepresented as violent people. It is through the glimpses into the past, and these stories much like the ones that are contained in this book, that you can see what a proud heritage they possess and how in tune with the Earth Native Americans really are. Being there were so many different tribes with countless beliefs and customs, the only way to understand their ways is through understanding their stories. In this book I have endeavored to show a wide landscape of different tribes and hopefully present a true look at their beliefs. With this book I hope you understand the Native American people a little better and understand where they have come from and what they can offer the world. By exploring these stories I hope to offer you a glimpse into an often forgotten past. The past of my people. I was born Cherokee and as a child heard many of these stories. These stories were passed to me in the old traditional way by my grandfather. And now I give these stories to you, to carry forward for younger generations to explore and learn. You are invited again to go Walking With Spirits.
