Serge & Een (Storming Love: Meteor Strike Book 4) Angel Martinez

While driving home during a snowstorm, Serge Kosygin witnesses a meteor plummeting to Earth. When he reaches the strike location, he finds a horrific crash site instead of a meteor crater, with two aliens dead and one survivor barely alive. His deeply ingrained mistrust of the government prompts him to rescue the alien before the authorities arrive.

Een has lost his life mates in a desperate effort to reach safety. With their deaths, he may be the last Aalana in the galaxy. He finds himself in the care of a strange alien being, which both frightens and intrigues him. Though communication issues, biology, and grief impede him, Een is determined to learn all he can about this new world and his rescuer.

Music and the natural world bring them together, creating a bond stronger than culture shock, but government interference and Een's failing health threaten their budding relationship. Only their combined ingenuity and their determination to stay together will give them any chance of saving the last living Aalana.
