The Idea of Decline in Western History

Arthur Herman

The Idea of Decline in Western History Arthur Herman

From Nazism to the Sixties counter-culture, from Britain's Fabian socialists to America's multiculturalists, and from "Dracula" and Freud to Robert Bly and Madonna, this work examines the idea of decline in Western history and sets out to explain how the conviction of civilization's inevitable end has become a fixed part of the modern Western imagination. Through a series of biographical portraits spanning the 19th and 20th centuries, the author traces the roots of declinism and aims to show how major thinkers of the past and present, including Nietzsche, DuBois, Sartre and Foucault, have contributed to its development as a coherent ideology of cultural pessimism.
