La demanda de que un padre se corresponsabilice en la crianza de sus hijos es una petición que día a día crece en nuestra sociedad. Los padres y las madres, educados en valores democráticos de igualdad, reclaman cada vez con mayor energía una forma de custodia en la que los hijos no se vean forzados a perder una parte fundamental de sus vidas tras el divorcio. La necesidad de separar conflicto conyugal de relación parental está en la base del apoyo que los profesionales han dado a la custodia compartida. El autor de SAP, síndrome de alienación parental, ha querido recoger en Con mamá y con papá el conocimiento técnico reciente sobre estos problemas, con intención de explicarlo de modo sencillo a todos aquellos implicados en este escenario. El conflicto entre los progenitores y las consecuencias que trae a los hijos, el papel del padre en la crianza y la custodia compartida son revisados desde un enfoque didáctico y ameno, con intención de despejar las dudas que estos temas provocan en padres y profesionales.
