An American Rhetoric William Whyte Watt

W.W. Watt's *An American Rhetoric* has been for years, edition after edition, far and away the best book in the field. In my early teaching years I used it...in freshman composition courses - always after carefully examining supposedly competitive books...Used slowly and carefully, as in a composition course, *An American Rhetoric* gives a solid foundation - clear explanations and exercises ample enough (and amusing enough) to push all students to their learning thresholds...No other book on writing is as easy to read or accurate...*An American Rhetoric* cannot make great writers, but, carefully studied, it can eliminate common errors and free writers to reveal themselves for what they are. -John Gardner
