Color War Bruce McCandless

It's 1974, and 14-year-old Tommy Lothrop has a lot to learn. In fact, what he's about to find out at a dilapidated summer camp in East Texas will turn his whole world upside down. It turns out that Buggy Robicheaux really can punch, and good intentions don't blunt the impact of a well-delivered right cross. More importantly, it looks like racial hatreds have managed to split a family in half--unless someone can find the strength to speak the truth, and bring two brothers back together. Color War is a coming-of-age story, painted in the hues of confusion and longing that shade any adolescent's existence, and quite possibly familiar to anyone who remembers the era of ESP, Evel Knievel, and the works of Erich von Daniken.

From Color War: "We stretched out in lawn chairs and studied the black expanse of lake and the wall of woods around it. Through the mist hanging over the water we could see the yellow lights of camp like the beacons of some distant harbor. The transistor radio hissed and spat till finally we tuned in some hillbilly station on the far side of yesterday, or at least Little Rock, and pretty soon cowboys were dying and women were crying and everything felt dismal and majestic. Country music was growing on me."
