This book contains 20 "Scripture Studies." These studies enable individuals or groups to do in-depth, topical studies of the Bible. They are also invaluable to the Bible study teacher in preparing lessons. This is Volume I of what will be two volumes. This volume covers the essential doctrines of the Christian faith. It is these doctrines that separate the true Christian faith from cultic and other deviations. Included are studies on such essential doctrines as the authority and reliability of the Scriptures, the attributes of God, the Trinity, and forgiveness and salvation. The format is to first present the Scriptural evidence for the author's conservative (or evangelical) viewpoint in one or more studies. Then in one or more following studies, "opposing viewpoints" are presented. Then rebuttals to these opposing viewpoints are given. Included in each study are hundreds of Scripture references. So there will be no lack of material from which to begin your studies.
