However, there is one thing he wants more than anything else in the world... A Child.

Only problem is, his wife refuses to give him any children and does not have any plans to do so ever. A divorce would be too messy for a man of his wealth so Kevin has no choice but to take drastic action.

He hires a surrogate with a TWIST.

He will father a baby with her but in this arrangement she will get to keep it. In return, mother and child will be supported financially for the rest of their lives. They will never need or want for anything, just as long as Kevin can fulfill his dream of being a dad.

For the beautiful and curvy Marina this is the ideal arrangement for her. She has always dreamed of being a mother but has never met a man worthy.

Kevin and Marina are about to embark on a very unique arrangement. One that promises to blur the line between love and convenience. Can such an arrangement exist without feelings getting involved? And can Kevin really stand by and watch his love child grow up without being involved directly?
